

Quick Connect

Quick Connect is a sleek, high-powered USB Charging solution crafted for efficient, clutter-free workspaces. Its innovative design eliminates the need for tabletop modifications, providing a clean and organized workspace while ensuring seamless charging for multiple devices. With up to 100W output via the USB type-C port for rapid laptop charging and 12W fast charging through the USB type-A port for phones and tablets, Quick Connect combines Power with versatility. It can be easily mounted on or under the desk using screws, a clamp bracket, making it the perfect choice for accessible, high-performance charging in both office and home settings.
