

Table Connect-Sleek

The Table Connect Sleek features an angled design that enhances the visibility of sockets at eye level. The angular sockets allow for easy plug-in and plug-out. No need to cut the tabletop. It can be used for laptop and mobile charging at workstations and cabin areas. Its compact design ensures minimal intrusion into workspace aesthetics while maximizing functionality. Additionally, the Table Connect Sleek is built with durable materials, ensuring long-term reliability and efficient performance.
