

Table Connect-Standard

The desktop socket Table Connect- Standard combines advanced technology with a sleek aluminum design, offering Power and Media Connections directly on the desk surface for convenient, always-accessible connectivity. As a modern solution from the connect system, it delivers style and functionality to contemporary workplaces, enhancing accessibility to essential Power and Communication options. Easy to install with metal C-type clamps or adhesive tape, it requires no alterations to the tabletop and can be tailored to meet specific customer requirements. This customizable, easy-install design makes it ideal for adaptable, tech-enabled office environments.
